DISCOVER FIRST BBA-JD in Asia

Attainment of
TWO
DEGREES IN
5 years

The CUHK BBA programme provides students with a comprehensive and world-class business education. The programme design comprises broad-based business theory, practice and exposure to the latest developments in the business world, which equip graduates with the expertise needed to excel in the ever-changing environment.

The JD is a respected graduate qualification in legal studies, recognised in many common law and other jurisdictions such as Australia, Canada, Singapore, USA, Japan and the Philippines. It is a qualifying law

degree recognised for admission to legal practice in Hong Kong. The CUHK JD has been very popular among business graduates.

The CUHK BBA-JD Programme is the first of its kind in Asia. It is a well-structured through-train programme that enables full-time students to graduate with an **undergraduate** (BBA) degree and a **postgraduate** (JD) degree in **5 years**, as opposed to the typical 6 years when the two programmes are taken separately.

FLEXIBLE

option - Completion
of BBA (Minor in Law)
in **4 years**

The Programme also offers students the option of graduating after **4 years** with either a BBA degree or a BBA degree with a Minor in Law. This provides students with the flexibility to tailor their education to their interests, strengths and needs.

“ At first glance, I was impressed by the CUHK BBA-JD Programme as it is very eye-catching and distinctive. I wondered how business and law are interrelated in the academia and the workplace, so I decided to probe into this profound mystery by joining the programme.

Now, entering my 5th year of study, I am proud to say I have made significant progress. Thanks to my mentor and professors in CUHK Business School and CUHK LAW, I have gained tons of knowledge and insights into the legal industry and financial markets. Credit to the excellent career support at CUHK and the Faculties, such as company visits and free training on interviews, I have got work experience in both financial institutions and legal industry, like the Hong Kong Monetary Authority (HKMA), HSBC, and Clyde & Co LLP. Through these experiences, I managed to put what I have learnt from classes into practice, and understood the importance of law to governing the banking industry and businesses.

Looking ahead, despite the difficult world economic situation, I can envision that my diverse skill set will enable me to overcome evolving challenges in my future career.

BBA-JD Student Sharing

“ The CUHK BBA-JD Programme has been an exciting journey. With the guidance of my professors and friends, I have managed to explore opportunities and widen my horizons beyond my expectations. Although the curriculum, admittedly, is rigorous, help is always accessible. Not all time is spent studying; in Year 2, I participated in a highly meaningful exchange programme with the University of Southern California, Los Angeles, where I spent half a year making lifelong international friends and exploring international cultures. Equipped with both business and legal skills, I also had the opportunity to intern in leading banks such as J.P. Morgan and law firms such as Slaughter and May. Moreover, CUHK Business School and CUHK LAW organise periodic networking events and responds favourably with faculty support when students propose insightful activities. As such, I have been able to move further with my goal of being a ‘global citizen’ with the BBA-JD Programme.
