BBA in Hospitality and Real Estate

2020–2021
ABOUT US

CUHK Founded in 1963, The Chinese University of Hong Kong (CUHK) is a forward-looking comprehensive research university with a global vision and a mission to combine tradition with modernity, and to bring together China and the West.

CUHK Business School

CUHK Business School has blazed a trail for business education in Hong Kong and Asia since 1963, cultivating high-achieving graduates who shape the global business landscape. Leadership and innovation go to the core of our legacy as the first business school to offer a comprehensive business programme integrating hospitality and real estate in Asia. Our world-class faculty and cutting-edge research nurture leaders, entrepreneurs and social stewards, with our proud network of more than 36,000 alumni driving impact in the Greater Bay Area and beyond.

The Hospitality and Real Estate (HRE) programme is positioned as a business programme with an industry focus and it is, to the best of our knowledge, the only programme in Asia that offers an integrated curriculum that will put you in high demand in both the hospitality and real estate industries. You will develop a keen eye for asset investment and service standards, and gain the holistic ability to steer high-level projects that bring value to your clients.

Here are the key reasons why our programme might just be the one that starts your career.

While the Real Estate stream focuses on planning, developing, and investing in the assets (e.g. buildings and properties), the Hospitality stream focuses on the service element — how to improve service quality, ensure customer satisfaction, and enhance organisational performance. Gain both managerial and investment perspectives through a curriculum that effectively balances theory and practice.

Offering a rich curriculum marrying theory with experiential learning opportunities, HRE puts students right in the heart of the fast-paced hospitality, tourism and real estate industries. Through connections with key professionals and real service environments, and participation in high-level lectures and presentations led by experienced practitioners, you will learn the latest trends while building up your own dynamic professional network.

The most dynamic and fast growing businesses in Asia

Hospitality and real estate exist everywhere across the spectrum of people’s daily life, from living, dining, shopping to travelling. Many real estate conglomerates have their businesses extended to all these areas. In the past, real estate emphasized the importance of location, but today it has shifted its focus to experience. Meanwhile, hospitality has been regarded specifically for hotel industry for many decades. Yet nowadays, this is not a concept that merely exists in hotels but also across other real estate businesses. Therefore, the transformation of the two industries has created a merge and a new business discipline is born, integrating hospitality and real estate. While real estate is a concept of providing the fundamental hardware, hospitality on the other hand provides the software. An integration of the two concepts is a leading trend in the world towards creating innovative urban living.

The HRE programme is a pioneering programme in Asia that integrates the two concepts into one. Providing expertise in both hospitality and real estate and allowing a crossover of the two fields to cope with the growing needs of such multifaceted leaders in the market.

Professional recognition
RICS

Royal Institution of Chartered Surveyors (RICS) is a global professional body that accredits qualified professional individuals or firms to the highest international standards in valuation, management and development of land, real estate, construction and infrastructure.
Imagine your future

Career development is an integral part of the HRE programme. We help you plan and achieve the next exciting steps in your career.

Develop the leaders of tomorrow

The BBA in Hospitality and Real Estate is the only programme in the region that integrates hospitality and real estate with a business focus. It leverages Hong Kong as a leader in the hospitality and real estate industries in Asia to deliver a world-class programme.

The hospitality and real estate industries are the important pillars of Asian economy. There is always a close tie between the two industries. Hotels and other hospitality-related properties (e.g., serviced apartments, resorts, theme parks, shopping centers, private hospitals, airports, and other entertainment venues) constitute a major part of commercial properties, whereas many hotel companies devote significant resources to property development. Put differently, real estate development and management represents the “hardware”, whereas hospitality service ensures the quality of “software” in the value-creating process of service industries.

BROADEN YOUR CAREER OPPORTUNITIES

CAREER ROADMAP

Career development is an integral part of the HRE programme. We help you plan and achieve the next exciting steps in your career.
UNIQUENESS

Pick your dedicated stream and satisfy your individual preference

Our curriculum framework ensures students to be equipped with basic business knowledge before advancing into specific streams in Hospitality or Real Estate. This guarantees whole-person development so that students will be able to develop their future career in both fields or select a path specializing in either one.

CURRICULUM

Explore your learning path

Extended learning path from foundation to managerial and investment perspectives

Our curriculum maximises learning by placing students at the intersection of theory and practice. Classroom learning is complemented by myriad opportunities to learn about industry trends, apply business theories to real-life situations and connect with the key opinion leaders (KOLs) in the industry.
LEARNING ROADMAP & YOUR DEVELOPMENT

2 Streams + 3 Modules

In your first two years of study, you will take a series of business foundation courses and hospitality and real estate introductory courses.

Prior to the completion of your second year, you will declare your intention in either Hospitality or Real Estate stream. Over the following two years, you will complete the required stream courses and choose from an array of elective courses across the three modules.

Executive-in-Residence (EiR) courses

Our Executive-in-Residence courses comprise a series of one-unit modules taught over four weeks by industry senior executives. Previous course topics include airline management, cruise line management, event planning, leadership excellence, brand management and commercial real estate investment analysis.

Distinguished Speakers Series (DSS)

Each semester, leaders and veteran executives from the hospitality and real estate industries visit HRE students to discuss the opportunities and challenges facing their respective fields. These speakers also share helpful insights such as their views on successful management styles and career guidance to aspiring students.

Strategic Negotiation for Hospitality and Real Estate Industry

Select one course from each module

Real Estate Stream

Real Estate Finance
Introduction to Real Estate Investments
Real Estate Valuation
Global Asset Allocation on Real Estate Securities
Facilities Development and Management for Hospitality and Real Estate
Currently, students are required to complete, at a minimum, two 3-month internships prior to graduation. These internships are generally taken by students during summer holidays after their 2nd and 3rd year of study. The internships are credit bearing and students will receive a letter grade based on the participation in internship briefing and debriefing sessions, the interview performance, the employer evaluation, and the written report. Successful completion of two internships also serves as a pre-requisite for a final year class HTMG4900 - Fieldwork & Internship.

As an undergraduate, you might be confused about what kind of activities would benefit your future career. To this question, the school provides diverse choices of internship placement that suits your interests. Completing a three-month internship at The Cheesecake Factory not only allowed me to plan for my future path but also enriched my practical skills and experience. There are plenty of opportunities out there, don’t be afraid of stepping out of your comfort zone and try new things. It is challenging, yet, you might find something unexpected!

LEADERS for the FUTURE

Not only has the “Leader-In-Training” program at Hyatt Regency Sha Tin broadened my scope as to what it means to be an assistant manager, but it has also given me the opportunity to strengthen my project management skills by allowing me to manage a project about enhancing the hotel’s loyalty program independently. Besides, through training from various managers, I have gained a comprehensive understanding of the functional purposes each department holds with regards to achieving their objectives. It is through this experience in a real-life hotel business setting that I have been able to develop my strategic management adeptness.

CONFIDENCE level UP

This summer, I joined the Head Start Program of Hyatt Regency Hong Kong, Sha Tin as a Guest Services Officer. I had to handle guest enquiries everyday and this required speedy memorization of massive information in order to answer their questions. Through daily practice, I was able to acquire more soft skills in problem solving and complaints handling. Eventually the internship has allowed me to build my confidence and improve my communication skill.
International exposure of our students have participated in an exchange programme.

The importance of international experience amongst modern university graduates is widely recognised, but is especially pronounced for aspiring real estate and hospitality industry professionals.

Take advantage of the myriad exchange opportunities offered through the CUHK Business School, the Colleges and the University, or choose from several HRE-exclusive bilateral and multi-partner exchange programmes established between HRE and top-ranking hospitality schools located in the United States and the broader Asia Pacific Region.

Previous study tours have taken place in conjunction with Hainan University in Hainan, China; National Cheng Kung University in Tainan, Taiwan; and Sophia University in Tokyo, Japan. HRE students have also participated in a Sydney Study Tour on sustainability in 2017.

Every summer, Walt Disney World in Orlando, Florida opens its doors to our students for a three-month internship. This prestigious programme allows you to experience a cross-cultural working environment, develop independence and gain a global perspective in one of the most iconic tourism destinations in the world.

We encourage students to hone their skills and learn from global peers in internationally recognised case competitions. HRE students have participated in the Cornell International Real Estate Case Competition for many consecutive years, taking home the championship in 2016.
Aspirations fulfilled - Story from a successful young entrepreneur

My career began at the Four Seasons Hotel Hong Kong as a food and beverage Management Trainee (MT) in 2012. As a MT it’s best to think of yourself as a sponge - learn and absorb new skills and knowledge everyday and I’m sure you will have an unforgettable and priceless experience like mine. My career turning point however, came in 2016, when I finally decided to leave the hotel industry and pursue my own beverage catering company, The Glass Formula, which is a creative cocktail & mocktail catering company.

“We believe a great story always starts with a drink.”
– The Glass Formula

Two Moons Distillery is my latest business adventure. It aims to create handcrafting quality spirits through dedicated hard work and passion, with an intention to build a strong community that loves and celebrates gin as much as we do.

So why the F&B industry you may ask? When I first joined the hotel school, I had no idea what my passion was. Fortunately I enrolled into the Global Hospitality Management Programme co-organised by our hotel school, Pennsylvania State University and Hogeschool Maastricht Holland, where I got the chance to go on a one-year exchange programme to those respective Universities.

The overseas experience was an eye-opening trip for me and I had the opportunity to meet inspiring individuals such as restauranteurs, chefs, bartenders and various professionals passionate about food and beverage. That was the moment when I truly realized my passion for this industry and I’m forever grateful for this opportunity to expand my network and stimulate personal growth.

The one piece of advice I’d like to pass on to the reader is to stay curious, grasp any opportunities and just go for it.
